7.30pm

**Pete Kinder**

Admittance: **£3**

## Surviving the NWO

Pete's presentation will be called "Surviving The New World Order" and will be focusing on Chemtrails, Water Fluoridation, Codex Alimentarius, and he will touch on other subjects such as Common Law, the Police, Money, etc along the way. This will be a fairly hard hitting look at what we will potentially face in the coming years if the NWO advances to full power.

Pete will be putting forward some ideas on how to deal with some scenarios that may occur and will be asking others for their input too. He will also de-bunking a popular internet myth too. (That's a secret until the day though!!)
